Subject: RE: County employee as an Official in a business

JNO 05-160

Ms. Morgalo,

Sorry for not reply sooner. I have no concerns about the proposed company unless the firm was planning to transact business with DERM. The company can doing business with all County departments with the exception of DERM. Because you are merely an officer in the corporation and not working for the corporation, this would not be considered outside employment. If you take a more active role in the corporation, you may need permission from your director to engage in outside employment.

If you have any other questions, please feel free to contact me at your convenience.

Thank you,

Robert Meyers

Subject: County employee as an Official in a business

Hi Mr. Meyers,

I am not sure if can answer my questions but you may be able to point me in the right direction. My husband and I are considering opening a Pool Service/Maintenance business. Although I will not be an employee in the business, I will be an officer in the Corporation. I wanted to know if there was any ethical issue with this scenario. My current position is Network Manager for DERM and I am responsible for Server Administration. Please let me know what you think, or who I can ask.

Thank you

Karla Morgalo, Network Manager
