Mr. Druin,

Yes, you may hear the matter involving your synagogue. A recusal would be necessary only if you were an officer/director of the synagogue.

Dear Mr. Robert Meyers / Executive Director

We met several months back when you were giving an ethics seminar to Community Council 2.

Since we have met I have become a council member part of Community Council 2.

When we met I asked you with regards to sitting on the council in the case that the synagogue where I worship comes in front of the board.

You had advised me that it would be Ok so long as I am only a member.

It has come to my attention through a notice delivered to my house of a hearing for synagogue Bais Menachem is coming in front of our community council 2 on Nov 22nd, 2005.

I confirm that I am a member of the synagogue and pay annual dues. I also make occasional donations. I do not serve in any executive or voluntary capacity in any of the boards or committees.

Can you kindly confirm that I may sit on this hearing of the Bais Menachem synagogue coming in front of the community council 2.

Thanking you in advance for your time in this matter.

Regards,

Chaim Druin
