Andrew Mye, from Weiss, Serota called, and asked whether a conflict of interest is created for the Mayor of Miami Lakes due to a sign variance that will be presented to the Town Council. Baptist Health Systems is seeking this variance and 90% of the work that Mayor Slaton's electrical contracting company does is with Baptist. Given these facts, Mayor Slaton is defined as a consultant with Baptist and a voting conflict would exist if he participates in or votes on the sign variance. Once the discussion of this item comes before the Town Council, Mayor Slaton needs to absent himself from the proceedings.
