Janet,

It seems to me using your office blackberry to further a county goal as a county employee, whether or not it is directed related to your core responsibilities, would not be a case of misusing county resources and would not amount to a violation of the county's Conflict of Interest and Code of Ethics Ordinance.

If you have any questions concerning the above, please do not hesitate to contact.

Sincerely,

Robert Meyers, Executive Director

Good Afternoon Robert,

Pursuant to our initial conversation, please provide a written statement on the following issue:  
 Appropriate use my office blackberry for work that is outside my core responsibilities as Executive Director of the Office of Countywide Health Planning – due to the fact that the efforts support an overarching county goal. The additional efforts and related blackberry use involve planning and coordination of rescue dog placements from MDC's Animal Services Shelter into foster and long-term homes. MDC goals assisted include achieving increased levels of adoptions and corresponding decreased levels of euthanizing.
