Meyers, Robert (COE)

Subject: Earl Welbaum's inquiry

On February 11, 2002, I had a conversation with Earl Welbaum, Esq., who wanted to know whether his client could communicate with the County Manager regarding a recommendation for a contract that was sitting on the Manager's desk. I advised him that provided the communications were in writing and a copy filed with the Clerk's Office, such communications were permissible under the Cone of Silence.
