**Subject:** RE: Inactive Voters

Penny,  
I spoke with Ardyth Walker and Gerald Sanchez and we agree that an inactive voter meets the definition of "registered voter" that appears in Code Section 12-22. Therefore, their contributions should be counted as long as they meet the other requirements of the ordinance.

Robert

**Subject:** Inactive Voters

For the purposes of certifying contributions for campaign financing, is an "inactive" voter an eligible contributor with respect to the registered voter requirement?

Please note that "inactive" voters may vote by going to the polls and "activating" their status. Additionally, "inactive" voter signatures are accepted on petitions, thereby "activating" the inactive status.

Please advise at your earliest convenience.

Thanks
