Memo

From: Karl Ross, investigator
Date: February 25, 2016
Re: K05-18 Trail Glades Range

Close out:

This investigation turned up no evidence of improper payments made to any of the consultants affiliated with the above-cited project. While the active intervention of one elected official in the planning process for renovating Trail Glades Range did raise questions of a possible charter violation, parks officials interviewed did not feel such a finding could be supported. As a result, this investigation should be closed and this agency should continue to monitor the progress of the plan's implementation.
