Subject: RE: Community Council Candidate

Lourdes,

There is no conflict of interest that would prohibit a municipal employee from serving on a Community Council. Moreover, the enabling ordinance establishing community councils only bars county employees from sitting on community councils.

If you have any other questions concerning this matter, please contact me at your convenience.

Thanks,

Robert Meyers

Subject: Community Council Candidate

Mr. Meyers,

Is there a conflict of interest (or any other conflict) that would prevent a City of Medley full time police officer from serving on my Community Council board?
