Subject: RE: Community Council

Lt. Suarez,

According to the Miami-Dade County Code, community council members may not be employed by the County, but there is no prohibition against them working for a Miami-Dade County municipality.

If you have any additional questions, do not hesitate to contact me at your convenience.

Sincerely,

Robert Meyers, Executive Director

Miami-Dade Commission on Ethics and Public Trust

Subject: Community Council

I am respectfully requesting information on the following issue:

I'm a sworn law enforcement officer with the City of Miami and interested in serving in the Miami Dade Community Council in Kendall. My question is, is there a conflict with serving on the Community Council while holding my position as a police officer? Please advise and thank you in advance.

Lt. Rafael Suarez
