Ms. Jenkins,

I apologize for not responding to your request for opinion sooner. If you own a company and that company wants to become a Miami-Dade County vendor, the only restriction is that your company may not enter into a contract with the Solid Waste Management Department. Therefore, your company may transact business with all other County departments or any other local government in Miami-Dade County.

If you have any questions concerning the above, please do not hesitate to contact me at your convenience.

Sincerely,

Robert Meyers, Executive Director
Miami-Dade Commission on Ethics and Public Trust
