Shanda,

I am assuming that this company is not doing business with ETSD. If my assumption is correct, then a County employee may consult with a company that has a contract with the County provided the employee has no interaction with the County as a consultant to the company. For example, he is barred from meeting with County employees and appearing in front of County boards or committees on behalf of his client. If he is simply providing consulting services to the firm directly and nothing else, there is no conflict of interest under the county's Conflict of Interest and Code of Ethics Ordinance.

If you have any additional questions, please do not hesitate to contact me at your convenience.

Sincerely,

Robert Meyers, Executive Director

Robert,  
Can you opine on this? We are trying to wrap up the outside employment approvals and this one is still pending.

Shanda,  
Tony Fernandez has submitted an application for outside employment to work work week-ends and evenings providing consulting expertise as a telecom engineer for a company called EMTEC Corp out of Coral Gables.

I would approve it however, the firm does work for the County and I don't know if there an ethical issue involved here.

Please advise,  
Thanks..... (Happy New Year)
