Subject: Item Number 7 Community Council 10 CDMP Hearing

Robert

On the September 23 CDMP hearing for Community Council 10 Item number 7 is on a parcel land the company I work for (Hines) submitted an unsuccessful bid to lease from the Aviation Department. While we were unsuccessful the property is directly adjacent from the property I currently manage. My thought is to put this on the record of the hearing. However, would it be preferable; and less of a conflict of interest, if I were to recuse myself from this item.

Please advise

Jorge Barbontin
Community Councilman
