Walter:

If the company is a current vendor, you cannot accept the complimentary registration. If the company was a vendor in the past and is not currently seeking city work, you could accept the complimentary registration.

If you need additional information, please contact me at your convenience.

Thanks,

Subject: FW: Invitation to SAPPHIRE NOW in Orlando

Mr. Myers:

I am in receipt of a complimentary registration in connection with a /dashboard business intelligence project in furtherance of research on demand/internal reporting /revenue generation project that I am currently building. The Company that extended the complimentary invitation is a representative from SAP (which purchased Business Objects, several years ago) the vendor that this office purchased 10 licenses from in furtherance of this project. Please advise me as to whether acceptance of a complimentary invitation represents a conflict of interest under the Miami-Dade County Ethics Ordinance?

Thank you.

Sincerely,

Walter Foeman
