To: Knowles, Keith (COC)
Subject: RE: Question regarding existing contract and future contract

Hi Keith,

I'm not sure if I understand your question. Based on the facts presented, it appears that Mr. Barstow needs to be registered before meeting with you to discuss future enhancements. These discussions, however, would not violate the Cone of Silence, as the Cone only takes effect when the RFP is advertised.

Have I addressed your concerns? If not, please get back to me at your earliest convenience.

Thanks,

Robert

Subject: Question regarding existing contract and future contract

Robert,

Hope you are doing well. We had a meeting Friday with Dale Barstow from Municipal Code Corporation. Mr. Barstow is registered as a lobbyist and he wanted to discuss some new products and enhancements that may benefit us. We have been advised by the county attorney's office to limit discussion to the existing contract. The contract expires early next year and an RFP will be Let possibly in March. Is it inappropriate for Mr. Barstow to have discussion now regarding the future enhancements to their product and possibly to a future contract with the County?

Thank you in advance for your attention to this matter.

Regards,

Keith A. Knowles
