Dear Commissioner Sosa:

Hope you are doing well. I spoke to Gerald Sanchez earlier in the day and he asked me to provide with a brief written response to your question. Your daughter is employed by Miami Children's Hospital as an Emergency Room nurse – a position she has held with the hospital for a relatively short time. You wish to know whether her employment would preclude you from sponsoring legislation, participating in the discussion or voting on an item relating to the issuance of Recovery Financing Bonds for Miami Children's Hospital. Under my analysis of the County's ethics code, there is no special benefit to you or your daughter if these bonds are issued and no conflict of interest exists. Thus, you may engage in any of the abovementioned legislative activities – sponsoring the legislation, participating in the discussions and voting on the item.

If you have any additional questions, please contact me at your convenience.

Thanks,

Robert Meyers
