Mr. San Miguel,

You asked if you may communicate orally with your supervisors and with individuals at the Office of the Inspector General regarding an issue you have uncovered while auditing a bidder for an airport contract. The Cone of Silence has been imposed for this contract.

As an assistant controller at the airport, you are not covered by the Cone of Silence because you are not part of the professional procurement staff or county executive office staff, and you do not serve on the selection committee.

Therefore, you may communicate orally with your supervisors and individuals from the Office of the Inspector General on this matter.

If you have additional questions, please feel free to contact me.

Sincerely,

VICTORIA FRIGO, STAFF ATTORNEY
