**Subject:** INQ - Amos Roundtree, Miami-Dade County Internal Services Department (Public Records)

Mr. Roundtree inquired regarding a public records request for all notes and correspondence exchanged between the County Internal Services Department and the Office of Inspector General concerning a matter subject to a bid protest. I informed him that records in connection with a pending OIG investigation were exempt from the Public Records Law, Section 119.0713, Florida Statutes, but would be public after the investigation concluded. Also, records concerning a bid or proposal involved in a competitive solicitation would be exempt until such time as a decision or recommendation was announced, pursuant to Section 119.071(1)(a)(2). Since the matter inquired about involved records concerning an announced recommendation, and there was no pending OIG investigation, the records would be public.
