Dear Vice-Mayor Digiacomu,

The Florida Sunshine Law requires that you notice any meeting involving you and any other Medley council member where matters related to the town are likely to be discussed. Since you cannot be certain which of these matters to be discussed may come before you at future council meetings, you should notice the meeting and follow all other requirements of public meetings.

At a minimum, the Florida Sunshine Law requires that public meetings be open to the public, reasonable notice of the meeting be given, and minutes of the meeting be taken.

More information about the Sunshine Law (Fla Stat. 286) can be found at <http://www.myflsunshine.com/pages.nsf/Main/321B47083D80C4CD8525791B006A54E3FlaF>

Sincerely,

VICTORIA FRIGO, SENIOR STAFF ATTORNEY

Subject: Legal Advice

Good Morning Victoria,

Once again I come to you for legal advice. I would like to have a Town Hall Meeting with the residents of Medley. I will like to host this meeting in our Recreation Center. Many things have being happening since the last elections in our Town, and our residents are being misinform in many of the issue.

My question is; do I need to publish the meeting?, could I invite other Council Members to the meeting?, and would any other members of the Council be able to participate, without talking about any item that could potentially come to vote in any future Council Meeting?

I would appreciate if you could get back to me as soon as possible. Thank you in advance for all your help and have a beautiful day.

Best Regards,

Griselia Digiacomio, Vice-Mayor
