Subject: INQ - Amos Roundtree, ISD Procurement Management, Miami-Dade County (Cone of Silence)

Amos Roundtree of County procurement inquired regarding whether it would be appropriate for County Water and Sewer officials to confer with City of Miami officials concerning the details and possible impact of a prospective County WASD project, where the contractor for the project has not yet been selected and the procurement process is currently under the Cone of Silence, Section 2-11.1(t).

I advised Mr. Roundtree that inasmuch as the discussion would not involve the procurement process in any way, the parties involved in the procurement or the potential winner of the contract, but merely technical aspects and impact of the planned project itself, such communications would not violate the Cone of Silence.
