Ms. Hall,

I reviewed the e-mail from Mr. Chavez and it is my opinion that if Mr. Gozukizil abides by these conditions, he would be in compliance with the County's Conflict of Interest and Code of Ethics Ordinance. Of course, Mr. Gozukizil must complete the necessary outside employment forms and disclose any income he generates from these activities by July 1<sup>st</sup> of the year following his outside employment.

If you have any questions, please contact me at your convenience.

Thank you,

Robert Meyers

 Beverly,

Our office regulates the elevator industry throughout Miami-Dade County. The industry includes owners and managers of buildings with elevators, elevator contractors and mechanics, and elevator inspection companies and inspectors. In the current request for Mr. Gozukizil, I have stipulated that any work he might perform would have to be outside our area of regulation (meaning Miami-Dade County), and could not be for any elevator contractor whom we regulate. After discussing the matter with Mr. Gozukizil, he has agreed to the further stipulation that any work would not be for any elevator inspection firm who may also perform inspections in our jurisdiction, or any owner or manager of property who may also own or manage property within our jurisdiction. He would be required to provide his own separate insurance for such work.
