Subject: RE: Miami-Dade County Outside Employment Disclosure Requirements

The employees should complete outside employment forms even though they are not salaried employees of the church. Section 2-11.1(k)(2) provides that employees engaged in outside employment for any person, firm, corporation or entity outside of Miami Dade County should file an outside employment form. The disclosure form should provide the amount of the "love offerings" as the compensation. If you have any additional questions, please contact me.

Subject: Miami-Dade County Outside Employment Disclosure Requirements

There are several employees at the Solid Waste Management Department who are Associate Pastors at their church. On occasion, the church may take up a collection "lover offering" in their behalf. However, they do not receive a set salary. Are these employees required to submit the Outside Employment Statement and the Request for Outside Employment forms?

Your opinion is requested in the above matter. Thanks in advance for your assistance.
