Received a phone call from Scott Stetson, a lobbyist in DC. on 3/28/05.

He asked for clarification concerning the lobbyist expenditure statements. He asked if food and entertainment expenses paid for in December 2004 with his credit card can be reported as an expense in 2005 since he actually paid the credit card bill in January of 2005. I advised him that the purchase date, i.e. Dec. 2004 was when the expenditures were made and therefore, are to be disclosed for the year 2004.
