Subject: RE: School Board Administrators

Hi Keith,

I am assuming they are meeting with staff in their official capacities. If so, they are exempt from the lobbying rules because they are public employees.

Robert

Subject: School Board Administrators

Hello Robert,

I received a call today from the school board. They have several administrators meeting with staff and asked if they should register as lobbyists. Are they considered a government entity?
Your assistance would be greatly appreciated.

Thank you.
