

INQ 05-74

On May 9, 2005, Roly from County Commissioner Sosa's office called along with the County Attorney's Office to determine whether Commissioner Sosa had a voting conflict with respect to an item before the CDMP on May 9, 2005. The School District of Miami-Dade County, which employs Commissioner Sosa in the Adult-Vocational Division, was objecting to the item in question. Due to the fact the item involved a land use matter, I advised the Commissioner's staffer and the Assistant County Attorneys that no conflict of interest existed. This matter had nothing to do with the Commissioner's employment and she would not be directly affected or uniquely affected by the CDMP's actions.
