Mr. Fraga,

I must have accidentally deleted your e-mail dated May 12, 2005, but I did print out a copy of it. You state that your company is involved in the RFP process for the North-South Concessions at MIA. I assume this means that you have submitted a bid. Based on your responsibilities as a PAB member, the jurisdiction and mission of this board, there is no conflict of interest for your firm were it to secure this contract at the airport and for you to remain on the PAB.

If you have any further questions, please contact me at your convenience.

Thanks,

Robert Meyers
