Subject: Dedication of Building

Mr. Meyers:

This e-mail is to confirm the approval given in the conversation held between my director, Mr. Charles Danger, of the Building Department and yourself regarding the collection of monetary donations from various Engineering associations/members/companies to be used for the building dedication reception in honor of Mr. Herbert S. Saffir, inventor of the Saffir-Simpson Hurricane Scale to measure hurricanes from categories one through five. This dedication was approved by the Board of County Commissioners and will be held on August 23, 2002 as it also marks the 10th anniversary of Hurricane Andrew. The dedication will result in renaming the Miami-Dade County Permitting and Inspection Center to Miami-Dade County **Herbert S. Saffir** Permitting and Inspection Center. Thank you for providing your sought-after advice on this matter.
