Subject: RE: Community Council 3

Hi Olga:

After reviewing this matter with Robert Meyers, Executive Director of the Ethics Commission, we've determined that there is no conflict for Naomi Wright, in her capacity as a member of CTAC to make a presentation regarding the role of CTAC and local transportation issues before Community Council 3.

This is an informal response to your inquiry and based only on the facts you presented in this e-mail and on the phone.

Do not hesitate to contact me should you need additional assistance.

Best regards,
Christina Prkic

Hi Christina,

Naomi Wright, who sits on the Community Transportation Advisory Committee (CTAC), recently requested to do a presentation on transportation at a Community Council 3 meeting. The Council agreed to put on their agenda for the November 2002 meeting. However, a community member stated this was a conflict of interest because CTAC members should not be addressing the Council. I didn't think it was a conflict, but I want to get an opinion before I schedule her for the meeting. Please advise. Thanks.
