The Conflict of Interest and Code of Ethics ordinance permits you to work as a general contractor while serving as a Construction Inspector for WASD. However, you may not inspect any work related to any project with which you are associated or any work done by a partner of yours on any project. Further, you are prohibited from appearing before any county personnel, board or agency in regard to any project. The code does permit you to appear before municipal boards and agencies. Finally, you must file the required outside employment forms with the Department of Elections. Please contact me at 350-0616 if you have any further questions.

Subject: License Activation

Good morning Ardyth Walker. I am a Construction inspector with Water and Sewer and I am interested in activating my State General Contractors License. I do not want to have a conflict of interest issue arise due to me activating the license. Can you advise on my rights in this matter? I do not plan to do any business with Miami-Dade county. Can I do business with municipalities located within Dade county? You can contact me at 786-236-2249 anytime. Thank you for your time ,
