Sheila,

I reviewed your request and find nothing with respect to the volunteer activities you described with the United Way which would create a conflict of interest under the County's Code of Ethics ordinance.

I have been asked by a Development Officer (DO) at the United Way (UW) to serve as a Community/County Volunteer to meet with CEOs from different companies to discuss running a United Way campaign at their offices. I worked with this DO last year at the UW as a Loaned Executive. We worked well together and she has asked if I could volunteer some time this year. I would be helping in the area travel and tourism, i.e., hotels, restaurants, etc., and do not perceive a conflict. However, since I am the Division director of Contract Review and Compliance for DBD, I wanted to run it by you before I gave her my answer.

If you have any questions, you may contact me via email or phone, 349-5968.

Thank you for your prompt response to this matter.

Sincerely,
Sheila Martinez
