Re: Inquiry-David Lederman

David Lederman, an attorney with Ferrell Shultz PA called me on 9/20/02. He asked whether city council members may represent clients, such as members of a homeowner's association, before the County Commission and other county boards.

I advised him, after speaking with M. Murawski and R. Meyers, that there was no legal prohibition under the Code of Ethics; however, the city council member/attorney must register as a lobbyist and comply with the lobbyist reporting requirements.
