Aimee,

We believe this would be a conflict of interest for a County Board member to receive payment from the County for her appearance on the program. County officials are precluded from doing business with the County as long as they are serving on County boards. If the payment comes from a third party, it may not be a violation of the Code, but it creates the appearance of impropriety.

If you need additional information, please do not hesitate to contact me.

Thanks,

Robert Meyers

Tom: Need some advice please.

The situation: A host of a Haitian radio public affairs show who our marketing person in Communications contacted about having them speak on the Transit Initiative on their public affairs show implied she'd like to be paid for discussing the issues. The potential conflict is that she was appointed by Commissioner Carey-Schuler to be on the CTAC committee.

Please advise.

Thanks.
