I did not get a chance to contact Bob Wolfe but I don't think that he can serve on the Boundaries Committee and the MAC simultaneously because of the conflicting responsibilities. Since the Boundaries Committee approves and makes recommendations to the BCC about boundaries and other issues facing MACS, I think it would be impossible for him to exercise independent judgment if he also sat on a MAC. Moreover, even if he recused himself from issues involving his MAC, issues regarding other MAC might have an impact on his MAC and it would create a frequently recurring conflict. Therefore, I think he has to choose one or the other. Please contact him for me. Thanks.

I am requesting an opinion regarding the incorporation process and the Miami-Dade Boundaries Commission which I was appointed to on March 23, '03 by Commissioner Bruno A. Barreiro.

My neighborhood is now starting an informal discussion for incorporation. The neighborhood is the California Club-Ives Estates area, bounded by I-95, 215th street (county line road), road 441 and the city of N.M. Beach. Our area is now a so called "enclave."

If this enclave decides to form a MAC and proceed with the incorporation process:

1. Can I serve on the MAC committee, or chair the MAC and still serve on the B.C.?
2. If I can serve, I obviously must recuse myself from any appearance before and vote on the Boundaries Commission on this issue-is this correct?
3. After a proposed MAC process is completed and goes for a community vote, if I am still on the B.C. (if I was on the MAC or not), can I campaign for or against the incorporation?

Thanks in advance, for your response.

Robert M. Wolf
