Subject: RE: waiver of plat

Mr.. Herryman,

In order for me to give you an opinion, I will state the relevant facts: 1) You recently started working for the County; 2) You worked as a Professional Land Surveyor prior to your employment with the County and 3) Your former client has an item that is currently before the County. Based on a previous opinion the Commission on Ethics issued, I conclude that any documents that are submitted on behalf of the applicant which contain your signature as a Professional Surveyor would not be in violation of the County Conflict of Interest and Code of Ethics Ordinance.

Please understand that you are prohibited from appearing in front of any County committee or board and may not meet with County staff to discuss the abovementioned application. The rationale behind granting you the waiver is that your role in this matter was strictly limited to preparing the survey for the client. If you were to assume a greater role than simply preparing the survey, it could conceivably be a violation of the Code of Ethics Ordinance.

If you have any questions, please contact me at your convenience.

Thank you,

Robert Meyers

Subject: waiver of plat

Mr. Meyers,

This is to follow up in written our telephone conversation of today in reference mentioned above(Mr.isidor w of plat at 1272 nw 101 st.

This item original went infrom of the Plat Committee o 2/12/04 on september 30 of this year went again and at this time i appear as the surveyor incharge, this was before i work for the WASAD department as Profe. Land Surveyor.

I'am requestin tha the Ethics Committee consider granting an exception or a Waiver of the conflict of interes in order to allow this item to be approved by the Plat Committee and subsequently by the Board of County Commissioners.

Thank for your pront attention to this matter

William Herryman P. E., P.L.S.
