Miami-Dade County Commission on Ethics And Public Trust

Memo

To: Mike Murawski, ethics advocate
From: Breno Penichet, ethics investigator
Date: August. 31, 2009
Re: K09-104 Complaint/ Oscar Alfonso.

Background: This Investigation was predicated on information received from a caller to the COE on August 20, 2009 alleging that Mayor Oscar Alfonso was going into a business establishment within the City and along with his girlfriend and her children were consuming food, and not paying for it. The caller also advised the mayor was doing this while wearing his North Bay Village shirt, and that he was caught on tape.

Findings: COE Investigators interviewed Police personnel who obtained copies of the tapes that verified the information. The manager of the establishment was also interviewed by the Police and verified the information.

COE Investigators contacted the State Attorney's Office and it was determined that the investigation should be turned over to Florida Department of Law Enforcement.

Conclusion: Accordingly the Advocate agreed, and the above-cited case was turned over to FDLE.

Case Closed.
