FROM: Etta Akoni, Staff Attorney

SUBJECT: INQ 2022-50 Voting Conflict of Interest § 2-11.1(v); Appearances of
Impropriety

DATE: March 23, 2022

CC: All COE Legal Staff

Thank you for contacting the Miami-Dade Commission on Ethics and Public Trust and requesting our guidance regarding the following proposed transaction.

FACTS:

We have reviewed your memorandum dated March 9, 2022, which was prepared in connection with the Appointment of the Selection Committee for Miami-Dade County Parks, Recreation and Open Spaces Department Request to Advertise for Professional Services for Crandon Park Basin Dredging Phase 1 – Project No. E21-PROS-02. The memorandum was prepared in connection with Resolution No. R-449-14, directing the Office of the Commission Auditor (OCA) to conduct background checks on members serving on evaluation/selection committees.

The memorandum noted that a member of the selection committee made a disclosure on his Neutrality/Disclosure Form that merited submission to the Commission on Ethics for an opinion. Specifically, the memorandum notes that “Roberto Rodriguez, Parks, Recreation and Open Spaces Department, indicated on his neutrality affidavit that he is currently a Project Manager for an active project with A.D.A. Engineering, Inc. A.D.A. Engineering, Inc. is identified as a subconsultant for GHD Services, Inc., a respondent to this solicitation.”

We conferred with Mr. Rodriguez. He is a Construction Manager 2 for the Miami-Dade Parks, Recreation and Open Spaces Department. He confirmed that he is currently a project manager for the project at Chapman Field Park (project number 511901-14-001), an active project with A.D.A. Engineering, Inc. Mr. Rodriguez has never worked for A.D.A. Engineering, Inc. or GHD Services, Inc. Mr. Rodriguez has no current ownership interest or other financial interest in A.D.A. Engineering, inc. or GHD Services, Inc. Mr. Rodriguez also does not have any business, close social, or other relationship with any current employee at A.D.A. Engineering, Inc. or GHD Services, Inc. Mr. Rodriguez believes he can be fair and impartial when evaluating the respondents to this project.

DISCUSSION:

This agency conducts reviews of these issues under the County Ethics Code, which governs conflicts by members of County advisory and quasi-judicial boards. We also consider whether there is an appearance of impropriety created and make recommendations based on R-449-14 and Ethics Commission Rule of Procedure 2.1(b).

Specifically, Section 2-11.1(v) of the County Ethics Code states that no quasi-judicial personnel or advisory personnel shall vote on any matter presented to an advisory board or quasi-judicial board on which the person sits if the board member will be directly affected by the action of the board on which the member serves and the board member has any of the following relationships with any of the persons or entities appearing before the board: (i) officer, director, partner, of counsel, consultant, employee, fiduciary or beneficiary' or (ii) stock holder, bondholder, debtor or creditor.

It does not appear that Mr. Rodriguez has a voting conflict of interest under Section (v) of the County Ethics Code because he will not be directly affected by the vote, and he does not currently have any of the enumerated relationships with any entity affected by the vote.

Further, due to the sensitivity of the procurement process and the need to sustain public confidence in it, this agency also opines concerning whether there may be an appearance of impropriety in a given situation that would justify the removal of a member of an appointed selection committee. *See* Section 2-1067, Miami-Dade County Code, and 2.1(b) of the COE Rules of Procedure.

As noted above, Mr. Rodriguez stated that he currently serves as Project Manager on a Miami-Dade County Parks Recreations and Open Spaces project with A.D.A. Engineering, Inc., a subconsultant for GHD Services, Inc., a respondent to this solicitation. The COE has indicated in various informal opinions that, absent some other factor, the mere fact that a selection committee member has interactions with a respondent in connection with the member's County duties would not create an appearance of a conflict that could affect the public trust in the integrity of the procurement process. *See* INQ 14-279, INQ 16-165, INQ 17-286, INQ 18-47, INQ 18-230, and INQ 19-99. The COE's opinions note that, in fact, it may be valuable to have an individual on a selection committee who is personally familiar with the work of one or more of the responding firms, particularly where the member also has some special expertise in the services that are being sought by the County, *See* INQ 18-47, INQ 18-230, and INQ 19-99.

OPINION

We find that Mr. Rodriguez' service on this selection committee does not presents a conflict of interest under the County Ethics Code because he does not have a current employment, financial, personal, or business relationship with A.D.A. Engineering, inc. or GHD Services, Inc.; nor does he have any personal interest in the contract itself. *See* INQ 19-99. The fact that a selection committee member has supervisory authority over a respondent to a competitive procurement does not create any legal voting conflict of interest for that member under Section 2-11.1(v) of the County Code of Ethics, nor does said service on this selection committee present any appearance of impropriety. *See* INQ 18-47 and INQ 19-99.
