Ted,

Sorry for not responding sooner. The consensus around the office is that the Cone of Silence is still in effect with respect to Pharmed.

Robert: FYI - See notes below.

Question: Even though an award recommendation has not yet been made, does this end the Cone of Silence with respect Pharmed? Thanks, TED

Mr. Lucas,

Thank you for your continued interest in Pharmed. At this time Pharmed will not continue participating in the RFP negotiations due to our current business situation. If there is anything that you or your staff need from us please do not hesitate to contact me. We remain 100% committed to JHS and the Miami Dade County health care community. Although our current situation remains in flux we will continue to look for opportunities to serve the local health care community in other capacities. We hope to have an opportunity to serve JHS in a different capacity sometime in the near future. Again, if there is anything we can do to assist you and your staff please do not hesitate to reach out to me.
