**Subject:** Inquiry

Robert Diers, legal advisor to MDPD, called on 1/16/09 and wanted to know whether Taser International, a County vendor, could pay for three MDPD employees to attend a three-day conference demonstrating one of the company's new products. I advised Mr. Diers that County vendors are prohibited from paying travel expenses for County employees. The employees could seek a waiver from the Board of County Commissioners or MDPD could pay for the trip out of its own funds.
