Hello David,

Thank you for your patience in waiting for a response from our office.

To answer your first question, you are required to file an Outside Employment Statement for the months in 2008 that you were employed by the City of Miami Beach and, at the same time, engaged in outside employment. Preferably, you should file the statement with the Miami Beach City Clerk within 60 days of your departure from government employment or, otherwise, at your earliest convenience before July 1, 2009.

Regarding your second question—that your previously filed Financial Statements have been removed from the Miami Beach databank—I have asked another division within our office to look into this matter.

Sincerely,

Victoria Frigo, Staff Attorney

Subject: a question from David Weston

March 25, 2009

Good Morning Victoria,

Sorry to bother you the day before the EC meeting. Please take your time in responding. I was reading the EC Newsletter online this morning and it reminded people about financial disclosure reporting. It started me to thinking I was working for MBFD for three months in 2008 and do I need to file with the city.

As a point of interest I went to the Miami Beach city clerk's website:
<http://weblink.miamibeachfl.gov/Browse.aspx>

I notice that EVERY year that I have been filing was wiped off the database.(I kept my own hard copies). I know that my information was there before as I would check annually. I see that my name is now missing from every year. This would mean that I was taken off of the database. Would this be normal?

Question: Am I required file a 2008 report for the three months that I worked in 2008 even though I am no longer employed there?

Question: After leaving the city, is it proper for them to delete my reporting records?

Thanks again for you kind attention to these matters.

I hope all is well.

Regards, David Weston
