Dear Mr. Gonzalez:

The outside employment rules still apply to you and you would be required to receive permission from your director before you engage in outside employment. I appreciate the fact that you believe the type of work you will be doing is unrelated to your county position, but that decision cannot be made by you alone. The director has the sole authority to determine whether such outside employment conflicts with your position.

If you have any additional questions, feel free to contact me at your convenience.

Thank you,

Robert Meyers, Executive Director  
Miami-Dade Commission on Ethics and Public Trust

Hello Mr. Meyers,

I'm respectfully asking for your opinion on the outside employment issue. If I am on approved leave of absence from the county, and not getting paid or receiving any accrued time either, and while on leave I do any type of work that has nothing to do with the county; would that violate any outside employment rules?
