Ms. Hall:

As long as the annual leave has been approved by a supervisor, I see no reason why a County employee should be barred from outside employment while on annual leave.

Subject: Outside employment

Mr. Meyers,

Can an employee perform outside employment (during his/her normal work hours) while on annual leave? We have a case where an employee allegedly performed outside employment work during his work hours. The PARs show the employee on annual leave for most of the dates given. Has he violated County policy since the County is paying the employee for the hours that the outside employment was done even though the employee is using their accrued leave?
