Belkys:

Accenture would not be permitted to cover the costs of the conference due to the fact the company is a County vendor. However, one of the other sponsors not doing business with the County could cover these costs.

Please feel free to contact me should you have any additional questions.

Sincerely,

Robert Meyers, Executive Director
Miami-Dade Commission on Ethics and Public Trust

Good afternoon Mr. Meyers,
There are several sponsors/hosts for this event, however, only one of them is listed - Accenture. If I am not mistaken, I do believe they are registered as a county vendor. Let me know if you need additional information.
Thank you,
Belkys

Who is the sponsor and are they a county vendor? Once you answer this question, I can provide you with a response.

Thanks,

Subject: Travel Question
Importance: High

Good morning Anita,

I need clarification on a travel question and was wondering if you could help me. I have an individual who needs to attend the 2011 Public Sector and Education Shared Services Summit, however, I'm unsure how to proceed. According to the attached document, there is no cost for the Summit, as it is being covered by the sponsors. However, the per person cost for the conference is approximately \$1100 which includes meals, materials, speakers conference facilities etc should the attendee/organization be required to pay by law - see attached.

Since this event is being covered by the sponsors and the attendees are responsible for the travel and lodging can you please clarify for us if we do in fact need to pay for the conference or not based on the information provided attached.

Thank you,
Belkys
