Joe,

You are correct that the two-year rule takes effect the day after Mr. Gonzalez is off the Miami Beach payroll.

We have an opinion exactly on point given to Roosevelt Bradley, the former Director of the County Transit Department. (See RQO 09-12, attached.) Mr. Bradley resigned from the County on Mar. 16, 2007, but with accumulated administrative leave and sick leave, he was not off the County payroll until June 1, 2007. The Ethics Commission opined that the two-year rule began following his termination date, which they concluded was June 1, 2007, not his resignation date.
