Mr. Pena,

This is in response to your question about a citation your father received for the alleged violation of "advertising as a contractor without the required certification of competency." You believe that no code violation actually occurred in this case, and you are concerned that the code enforcement officer may have issued the citation in error.

Our agency does not interpret or enforce the County code related to the construction trades. The agency that handles these matters is the Construction Trades Qualifying Board. You may contact them at 786-315-2571 or email Kathy Charles at KAT045@miamidade.gov or Yvonne Bell at Genaye@miamidade.gov.

If you have further questions, please feel free to contact me at my direct number, below.

Sincerely,

VICTORIA FRIGO, STAFF ATTORNEY
