**Subject:** INQ - Commissioner Esteban Bovo

Alina,

Given that this correspondence is so campaign-related, completely paid for with campaign funds, my advice would be to avoid having them connected with the Commission office to avoid any appearance or suggestion of an Exploitation of the public office for political gain. I would not store them or mail them from the office.

**Subject:** Birthday cards for seniors.

Mr. Centorino

Hope you are well. Commissioner Bovo has paid for birthday cards for the Seniors from his campaign account and will also pay for the postage from his campaign account.

The Cards only say. Happy Birthday Esteban Bovo, commissioner district 13

Is it OK to store them in our office? and to mail them from our office?

Please advise. Have a great weekend
