Ms. Vaughn,

Thank you for your inquiry. Based upon your email that Ms. King is currently out on medical leave, for our purposes she need not complete the Online Ethics course until she returns from medical leave. I suggest that she do so within 30 days of her return. I appreciate your department's excellent compliance record.

Sincerely,

Joe Centorino

Subject: Pamela King's Ethic Course

Mr. Centorino,

Please be advised; we have an employee out on medical leave until February, 2014. Pamela King has been out of office since July, 2013. Please advise as to what should be done to assure our department is in compliance with county mandatory requirement. All other employees have completed the course.

Regards,
