Ms. Doherty,

Thank you for your inquiry regarding income received from your rental units. As a County Employee you are required to file the County disclosure form for outside employment that you may have pursuant to Section 2-11.1(k)(2). The Ethics Commission has interpreted that requirement to include income received from three or more rental units that you may own. If you own three or more such units, then you need to file the outside disclosure form showing the source and amount of income.

County employees who are required to file an annual Financial Disclosure form would also need to disclose such income on that form.

If you have any further questions, please feel free to call me or Staff Attorney Gilma Diaz-Greco at 305-579-2594.

Sincerely,  
Joe Centorino

Hello Mr. Centorino,

I have a questions relating to the requirement of income disclosure: my spouse and I own rental units, is it required for me to disclose this income, and if so, do I use the financial disclosure or the outside employment form (or both)?

Thank you for your assistance.

Regards,
